How very odd that poets should suppose
There is no poetry about your nose,
When, plain as a man's nose on his face,
A noseless face would lack poetic grace.
Noses have sympathy, a lover knows,
Noses are always touched when lips are kissing—
And who would care to kiss if noses were missing?
Why, what would be the fragrance of a rose,
And where would be the mortal means of telling
Whither a vile or wholesome oder flows
Around us, if we owned no sense of smelling?
I know a nose—a nose no other knows—
'Neath starry eyes, o'er ruby lips it grows—
There's beauty in its form and music in its blows!

Perquimans County Republican Convention.

Pursuant to call the Republicans of Perquimans county met in Convention in the town of Hertford, on the 4th day of May, 1874.

U. W. Speight was chosen President, W. H. Gunn Secretary and J. White assistant Secretary.

The President clearly stated the object of the meeting as follows:

"Fellow citizens, we have assembled in convention for the purpose of nominating county officers, and appointing Delegates to the First Congressional Judicial and Senatorial Conventions. Also to nominate a representative of the county."

On motion a committee was appointed to draw up resolutions of the Convention. Messrs. Josiah Nicholson, John H. Cox, W. H. Gunn, W. J. Porter and Joseph B. Overton, were appointed as the committee.

Mr. Miles Commander was requested to address the convention while the committee retired.

Mr. Commander responded in a manner which met the hearty approval of all present.

The committee reported the following resolutions:

That the Republicans of Perquimans county in convention assembled do resolve:

1st That the practical enforcement of the late amendments to the constitution of the United States by the National and State Governments within their appropriate spheres, is as essential as the adoption of the said amendments.

2nd That the children of the State, white and colored, are entitled to the benefits of Education at all hazards, whether it be by the State or National Governments.

3rd That we denounce all frauds whether in Congress or out; whether in General Assebly or out; whether in the Republican Party or out of it.

4th That capacity to perform the duties of office, and character to command the respect of the people are essential to the Government.

5th That the action of the late General Assembly, in changing the First Judicial District, for the purpose of party success, is an abomination in the eyes of all good citizens, and ought to be condemned at the ballot box.

6th That the action of Congress in the passage of the bill known as the Salary Grab, meets with our unqualified disapproval, and we hereby denounce the same as a fraud upon the people.

The resolutions were unanimously adopted as reported by the Committee.

Nominations being in order, Mr. Jno. Q. A. Wood was nominated as the next representative in the Legislature of N. Carolina from Perquimans county.

Mr. U. W. Speight, was nominated for Register of Deeds, Mr. John H. Cox, for Clerk of the Superior Court, Mr. Josiah Nicholson, for Treasurer E. A. White, Elijah Peel, John A. Faulk, Wm J. Porter and E. Felton for Commissioners, Mr. Thos. E. Winslow, for county Surveyor and W. H. Gunn for Coronor.

Resolution offered by Henry Elliott was adopted, to wit:

Resolved, That in our opinion Col. D. McD. Lindsey (a man honest, kind, and generous to a fault, and one that cannot be excelled in his devotion to the interest of the people) is eminently suited to represent the interest of this District in the next National Congress, and that we recomend his nomination therefor, and hereby instruct our Delegates in the Congressional convention to vote for him for said position.

On motion the following Delegates were appointed to the Congressional Judicial and Sonatorial Conventions.

To the Congressional Convention, New Hope Township, John Q. A. Wood and W. T. Porter; Parksville, Geo. H. Wood and Wm. H. Overton; Hertford, U. W. Speight and W. E. Ferebee; Belvidere, Henry White and John Newby; Bethel, Isaac Sanders and Primis Nixon.

To the Judicial Convention, Belvidere, Josiah Nickolson and E. A. White; Parksville, James H. Hyatt Joseph T. Overton; New Hope, Wm. J. Porter and J. Q. A. Wood; Hertford, W. H. Gunn and Henry Elliott.

To the Senatorial Convention, New Hope, J. Q. A. Wood and David Sumner; Parksville, Miles Overman and J. T. Overton; Belvidere, J. R. Parker and Isaac Armstrong; Hertford, W. H. Gunn and Henry Elliot; Bethel, H. H. Griffin and Primus Nixon.

The convention recommends the names of Hon. J. W. Albertson for Judge, and Mr. Willis Bagley for Solicitor of the First District.

It was moved and carried that these proceedings be sent to the NORTH CAROLINIAN, for publication.

On motion adjourned.

W. H. Gunn,

The Convention will be called to order at 12 o'clock M. punctually.

GEO. W. COBB.
Chairman.

THE REASON.

We devote considerable of the space on our first and second pages this week to the proceedings of the different county conventions. They even crowd out our usual amount of editoral matter. But as they nearly all are the harbingers of "good tidings" they will prove quite as interesting reading as anything we could say, especially upon the congressional question. Thus far it stands.

INDIVIDUAL RELATIONS TO POLITICAL PARTIES.

It is obvious that our citizens cannot give effect to their political sentiments except through some political party. Every voter must either take advantage of existing political organizations or endeavor to create new ones, though he begins solitary and alone; but all political organizations are based upon the fundamental principle of acquiesence on the part of the minority to the clearly expressed wishes of the majority.

When a political party has made its nominations or expressed its wishes by resolutions adopted by a regular and duly authorized convention it becomes the duty of the minority to acquiesce in that decision or to secede from the party. Upon this principle of organization the Democratic party has always acted. Individual members have held diverse opinions upon certain points of controversy, but after the National Convention laid down its platform the party demanded adherance thereto until the next convention changed the political creed. So it *should* be with all parties.

It is not acting in good faith to go into a convention, participate in its proceedings and then go out of it and oppose its action. No good Republican will do so.

His Honor, the late Mayor of Denver, delivered a touching and impassioned valedictory when his term expired. Said he "Thank God, it's over with! I wouldn't take it again for a kingdom, not if I knows it."—*Ex.*

We sincerely hope that things will run smoother "nor that" for our newly elected Mayor. We would feel sorry to have him retire from office twelve months hence entertaining sentiments of such deep disgust with official life.

At what hour did the devil make his appearance in the Garden of Eden? Some time in the night. He certainly came after Eve.

Heroism is limited, after all. A girl who, the other day, jumped into Merrimac River, and rescued a drowning child, fainted away when she saw her false curls floating down stream.

An "affair of Honor" may be looked for soon in Brooklyn. An affectionate wife recently found pieces of an ostrich plume in her husband's beard—and the plume was not her own.

Two young ladies of La Croose were standing by the side of a ditch, 13 feet wide, which they didn't know how to cross, when their escort said "snakes!" and they cleared it at a bound.

People who believe the current stories about intelligent dogs, will read with pleasure that a lost dog in Norfolk, having seen his master's advertisement in a local print, promptly went home.

A Reporter on an Iowa paper wrote:—"Yesterday morning Winter and Spring kissed each other in the sunrise, and each spread its choicest favor on the purple air." He was married next day.

"Anna, dear, if I should attempt to spell Cupid, why could I not get beyond the first syllable?" Auna gave it up, whereupon William said, "Because I came to *e-u*, of course, and I cannot go any further."

A German, writing from Philadelphia, to an American friend who was in Germany on a visit, concluded his letter thus:—"If I lifs till I dies, tell my friends at home that I shall visit mein faterland pefore I leaves Philadelphia."

"How far is it to Cub Creek?" asked a traveler of a Dutch woman. "Only shoost a little vays." "Is it four, six, eight or ten miles?" Impatiently asked the stranger. "Yas, I dinks it is," serenely replied the unmoved gatekeeper.

Two Milesians were standing at the Fairmount water-works, watching the big wheels splashing the water when one of them remarked:—"Mike, isn't this a quare country where they have to grind their water before they can use it?"

A Frenchman being about to move his shop, his landlord inquired the reason, stating at the same time that it was considered a very good stand for business. The Frenchman replied: 'Oh, yes' he's a very good stand for ze business. Me stand all day; for nobody come to make me move."

The Raleigh Crescent says: Since the death of Ex-Gov. Clark there are only four men living who have held the office of Governor of North Carolina. These gentlemen are William A. Graham of Hillsboro, David S. Reid of Wentworth, Zebulon B. Vance of Charlotte, and W. W. Holden of this city. Of these Gov. Graham, with his brow full of honors, still practices his profession of the law, although near unto his seventieth year. There is no man living in the State who has held the office of Chief Justice of the Supreme Court, except the present incumbent, Richmond M. Pearson. There are only two living, outside the present incumbents, who have served as Supreme Court Judges. These are Willam H. Battle of this city and Hon. M. E. Mauly of Newbern. There are only four men living who filled the office of Attorney General prior to the war. These four are B. F. Moore of Wake, William Eaton of Warren, Matt W. Ransom of Northampton, and J. B. Batchelor of Wake.

It is no Wonder that invalids lose faith in all specifics, when so many worthless medicines are advertised for the cure of various diseases; but which when tried, are "found wanting." We have yet to learn, however, of the first failure of *Dr. Wistar's Balsam of Wild Cherry*, to cure coughs, colds, and pulmonary disease.

Two rival lovers in South Haven, Mich. recently determined to settle their pretensions by shooting at a mark. Very properly, after it was decided, the young woman refused to have anything to do with either of them.

A Valley Falls joker, who April-fooled his doctor by sending for him when nobody was sick, didn't find it so much of a joke when he was charged the regular fee for the visit.

Mr. David, a tax collector of Scott county, Va., who was shot while levying on a cow, lived just long enough to prepare a hand bill offering a reward of $100 for the capture of his murderer.

PAIN-KILLER!

1840. 1874.

TIME TESTS THE MERITS OF ALL THINGS.

Thirty Years is certainly long enough time to prove the efficacy of any medicine, and that the Pain Killer is deserving of all its proprietors claim for it, is amply proved by the unparelleled popularity it has attained. It is a sure and effective remedy. It is sold in almost every country in the world, and it needs only to be known to be prized, and its reputation as a Medicine of Great Virtue, is fully and permanently established. It is the great Family Medicine of the age. Taken internally, it cures Dysentery, Cholera, Diarrhoea, Cramp and Pain in the Stomach, Bowell Complaint, Painters' Colic, Liver Complaint, Dyspepsia, or Indigestion, Sudden Colds, Sore Throat and Coughs. Taken Externally, it cures Bruises, Boils, Felons, Cuts, Burns, Scalds, Old Sores and Sprains, Swellings of the Joints, Toothache, Pain in the Face, Neuralgia and Rheumatism, Chapped Hands, Frost Bitsen Feet, &c.

Pain is supposed to be the lot of us poor morals, as inevitable as death and liable at any time to come upon us. Therefore, it is important that remedial agents should be at hand to be used on emergency, when we are made to feel the excruciating agony of pain, or the depressing influences of disease. Such a remedial exists in Perry Davis' "Pain-Killer," the fame of which has extended over all the earth. Amid the eternal ices of the Polar regions, or beneath the intolerable and burning suns of the tropics its virtues are known and appreciated. And by it suffering humanity has found relief from many of its ills. The effect of the Pain-Killer upon the patient, when taken internally in cases of Cough, Cold, Bowel Complain, Cholera, Dysentery, and other affections of the system, has been truly wonderful, and has won for it a name among medical preparations that can never be forgotten. Its success in removing pain, as an external remedy, in case of Burns, Bruises, Sores and Sprains, Cuts, Stings of Insects, &c., and other causes of suffering has secured for it the most prominent position among the medicines of the day. Beware of counterfeits and worthless imitations. Call for Perry Davis' Vgetable Pain-Killer, and take no other.

THIS WEEK'S ADVERTISEMENTS.

Local and Personal

☞ The latest New York quotations are Gold 112, Cotton 18⅛c, Corn 85c (a 86c.

☞ It is estimated that one and three-quarter million of shad have been taken from our Albemarle fisheries this season.

☞ By the call of the chairman it will be seen that our Judicial convention will be held at Hertford on the 17th of June.

☞ The proceedings of the Republican Conventions of Perquimans, Martin, Hertford, Dare and Bertie appear on our first page this week.

☞ The Democrats have issued a call for their Congressional, Judicial and Senatorial Conventions to be held at Edenton, Thursday the 28th day of May.

☞ "There will be grumblers 'till the end of time," writes one who grumbles because some one else grumbled and does not please him. But why complain of others?

☞ The fisheries along the Pasquotank—WALKER'S PERRY'S and Dr. POOL'S—are still in operation. On Monday morning last the latter caught 40,000 herring.

☞ LINDSEY and his friends, after their struggle for chairman on Saturday, took their overwhelming defeat like philosophers. They behaved like men—peacably, quietly, indeed as good Republicans always should do.

☞ The Convention of the 2nd Judicial District was held at Williamston on the 8th. The vote for judge stood 6½ for Hon. LOUIS HILLIARD and 2½ for Hon. W. A. MOORE. J. J. MARTIN Esq. was nominated for Solicitor.

☞ The Democrats of Pasquotank held a convention in the Court House on Monday, appointed Congressional, Judicial and Senatorial delegates to the convention at Edenton on the 28th, and adjourned to the 6th of June to nominate a ticket if deemed expedient.

☞ Two years ago certain delegates to the Plymouth convention declared that Mr. COBB, if nominated, would not carry the Republican strength of Pasquotank. Notwithstanding the loud clamor of these "prophets of evil" he was nominated. What was the result? CALDWELL got 1053 votes while COBB got 1058 votes in the county. We undertake to say that in August next, Mr. COBB will poll a larger vote in Pasquotank than ever before. Mark the prediction!

☞ The Republican Mass Convention in the Court House on Saturday morning last was in every sense of the word a grand success. It was large, harmonious and enthusiastic. The endorsement of our distinguished townsman and Representative Hon. C. L. COBB was as full and complete as his warmest friends could desire. So too, was the expression strong and unanimous in favor of Judge ALBERTSON and Solicitor BAGLEY. On the question of congressman, judge and solicitor Pasquotank stands firm and united.

☞ Some of the colored people claim that they were entitled to the candidate for the Legislature. We concede this. But then they had the matter in their own hands. Instead of uniting upon a representative man of their own color they brought *three candidates into the field*. Had they united upon CALE or ROACH, or BROWN they would have nominated without the least difficulty. But they did not do so. They divided and nominated MUNDEN. That he will be true to them in every respect no one questions. It is their duty to rally to his support. *They made him the nominee.* Good faith demands that they stand by him.

☞ The proceedings of the county nominating convention appears elsewhere. That the result would satisfy everybody was not to be expected. There were too many candidates for this and it is quite natural the defeated should feel a little sore. But that is no good excuse for any good Republican to *bolt*. Had either one of the aspirants who failed to get a nomination succeeded they would have declared it an act of bad faith for a competitor, after submitting his claims to the convention, to go and try to defeat the regular nominee. Let no one act rashly. Take time to cooly reflect. We admit that in some respects a better ticket could have been nominated. A much worse one *might* have been. It is impossible to gratify and satisfy all. Stand by the ticket.

☞ The charge is being made in certain quarters that we are too mild in our denunciations of the Democracy; that we do not "pitch in" as severely as we should. Gentlemen! we claim to publish a dignified, high toned and honorable political newspaper. While we are a Republican—fair, square and uncompromising—we do not propose to be a blackguard. We shall stand by our party, defend its principles, and support its nominees, but we propose doing so in our own way without submitting to any dictation. Those who expect us to sacrifice our selfrespect by indulging in bitter partisan vituperation and vulgar personal abuse will be doomed to disappointment. Satire and sarcasm are legitimate and sometimes of service, but our principal weapons will be facts, figures, arguments. This is our answer to a few letters received the past two weeks.

☞ We are not so stoic in our nature and disposition as to be insensible or feel indifferent to the generous endorsement of the NORTH CAROLINIAN by the Republicans of this and adjoining counties. We try to be consistent. We try to be right. We never shrink from manifest duty.

☞ Again have our political friends used our name and made us a candidate before the people. It was without solicitation on our part for we do not desire office. But the argument used is that the position of Commissioner is one of more importance *to the people* of the county than any other, and that no good citizen should refuse. As we claim to be such we abide the action of the Convention. If ratified by the people we shall fearlessly perform our duty as we understand it.

☞ The most disgusted, disheartened and disappointed set of fellows we ever saw in our lives were those Democrats who predicted, hoped for and expected a general row and burst up of the Convention on Saturday morning. The harmony and enthusiasm, the full and unanimous endorsement of Mr. COBB and the good feeling prevailing among the true Republicans of the county came so terribly unexpected to the Democracy that they are totally dumfounded and discouraged.

☞ The old Board of Municipal officers retired and the new one was installed on Wednesday evening last. In turning over the office to his successor the retiring Mayor, HON. JAMES H. SHAW, made a very graceful valedictory address and the Mayor elect—our popular friend Maj. W. A. HARNEY—in assuming the responsibilities of his new position did so in a felicitous and well timed speech, which was cordially endorsed and heartily responded to by every member of the Board. An adjournment was then made to Thursday morning when THOS. GASKINS was elected Clerk, HUGH CALE Treasurer and WALTER F. POOL Esq. Attorney. The election of constable was deferred until the 16th inst.

☞ On Thursday morning last JAMES H. SHAW, Esq., bade farewell to Elizabeth City and left to resume the practice of his profession in Pennsylvania. He came here in the fall of 1870 and very soon began to make warm personal friends. Genial in social intercourse, honorable in business and courteous in every relation of life, it was not long before he won the respect, confidence and esteem of all our people. He at once identified himself with our local interests and while he never *sough* place or position few men in so short a time have ever been honored with more of both. In 1872 he was called on to preside as chairman of our Republican county convention. Soon after he was appointed City Attorney, and was selected by the Board of County Commissioners to act as one of the Finance Committee. In 1873 he was elected a Magistrate; was also nominated as the Republican candidate for Mayor and was elected by a handsome majority. He was also elected Vice President of the Agricultural Society and served as Secretary of the Land and Lumber Company. All these positions he filled creditably and satisfactorily. We are sure he did not have an enemy in our entire community. All regretted to see him leave and we know that we express his feelings when we say that he had formed such attachments here that made it hard for him to go. He was handsomely serenaded by our excellent Band on Wednesday night and he left with a "God bless you" from all.

A Nice Little Tale.

Nicholas I. was very fond of masquerade balls, and one night appeared at one in the character of the devil, with grinning face, horns and tail, and appeared to enjoy his character very much. About three o'clock in the morning he went out, and throwing over him some furs, he called a coachman and ordered him to take him to Quay Anglais. As it was very cold he fell asleep, and when he found the man had taken him in the wrong direction, for Quay Anglais is one of the most elegant portions of St. Petersburg, while before him were only some miserable houses. Nicholas began to remonstrate, the coachman paid no heed to him, and presently, passing through a stone gateway, brought him to a cemetery, and taking a large knife from his girdle and pointing it to his employer's throat, said:—"Give me your money and your furs, or I will kill you." "And do you give me your soul." exclaimed Nicholas, as he threw off his furs and disclosed the personification of the devil. The Russians are very superstitious, and the coachman was so terrified that he fell senseless on the ground, and the Emperor drove himself back to his palace.

The Senate Commitee on Privileges and Elections is said to have agreed unanimously to report in favor of a Constitutional amendment changing the regulations for electing a President and Vice-President. Substantially the plan recommended is that proposed by Senator Morton, dividing each State into districts practically the same as the present Congressional districts. Each of these shall have a right to one vote for President. The result of the district vote will be certified to the Secretary of State by the proper local officer. Moreover, each State is to have two votes at large, which shall count in favor of the candidate who polls the largest number of votes in the State, or for the one who carries the largest number of districts. Another clause creates a tribunal whose office shall be to decide all questions arising under such an election. It is believed that such an amendment will command general approval, as it is admitted that the present plan is needlessly cumbersome and objectionably indirect.

DEATHS.

BLACK—On the 3rd inst., at her residence near this place, in the 58th year of her age, after a painfull illness of 17 days, SARAH ELIZBETH F., wife of John Black Esq. departy this life in the full possession of the mental faculties, calm and resigned, a devoted christian, in the confident hope of a blessed immortality through the merits and mercy of her Saviour, leaving a devoted husband and three devoted daughters to mourn their severe and irreparable loss.

OUR DORMANT ENERGIES.—Our bodies are not as vigorous nor our minds as clear as they might be. This remark is true of at least two-thirds of civilized society, and of these two-thirds probably one-half is laboring under bodily infirmities of a character likely to shorten the lives of the sufferers. This is a melancholy exhibit and furnishes abundant food for reflection. Can the evilbe mitigated? It can. Lack of vitality is the primary cause of most of the physical and mental suffering to which we are subjected, and therefore a vitalizing medicinal agent is the remedy required. Is there sudh a medicine? There is Hostetter's Stomach Bitters will rouse and energize the mind and body when the life power of the system is in a comparatively dormant state. The languid, feeble, desponding invalid is not aware of the latent energies that underlies his debility. He thinks there is no element of vigor left in his frame, when the fact is that his physical capabilities are merely asleep and only require waking up. Let him stimulate and tone his animal machinery and endow it with new motive power through the agency of this incomparable invigorant, and he will soon feel like a new man, or rather like a man who has received a new lease of life, and the requisite health to enjoy it. Many business men suffer from chronic languor and depression caused by two close application to business. Hard students are often oppressed with melancholy from a like caus. Mechanics and working men are affected in the same way as a result of over-labor. To all who are in this condition, from whatever cause, Hostetter's Stomach Bitters will prove a signal blessing. It is a perfect panacea for physical debility and meutal gloom. It strengthens the body, clears the mind and calms the nervous system; while as a remedy for indigestion, biliousness, constipation, rheumatism, and intermittent and remittent fevers, it takes precedence of all other medicines.

On Growing Beans.

The first requisite for a bean crop is thorough preparation of the ground. Beans cannot be successfully raised among clods nor weeds. The ground should be made very mellow by repeated rolling and harrowing. My own plan has then been to run light furrows about twenty inches apart, and follow in these with a corn drill, planting the beans three or four inches apart in the row. The brush must be taken out of the drill box, and the orifice where the brush is fastened must be cut or filed out in order to plant them so thick.) This will require between three and four pecks to the acre, varying according to the size of the beans. Immediately after planting, the ground should be harrowed again. Beans will usually come up in three to five days from the time of planting. The after culture which I have practiced is ploughing twice between the rows with a steady horse, a careful ploughman, and a very narrow single shovel plow. The cultivation should cease as soon as the beans begin to blossom. I have found from the first to 7th of June to be a very good time for planting; they will then ripen about the last of August, and the ground can be easily made ready for a wheat crop. The yield varies greatly, according to the season; fifteen bushels per acre is considered by many a fair yield, but from twenty to thirty bushels can be raised in a favorable year by proper care and attention. "Navy" beans usually command 25 to 50 cents more per bushel in market than the ordinary kinds, but they are not so easily raised, and they ripen much later, frequently too late for the ground to be sown in wheat. Beans require a good soil, which must be well drained. They can be raised on very poor ground, but the yield will be correspondingly small. Seed beans purchased from the stores should be tested by sprouting a few before planting the crop, as they sometimes heat in bulk and will not grow.—*Able Doan Hamilton Co. Ind.*

The Wheat Prospect.

The report of the Department of Agriculture, in regard to the prospects of wheat crops, states that from a large portion of the winter wheat area in each State says the winter has been extremely favorable in all sections. No previous season has been more generally so since the inauguration of crop reports. In the South very few exceptions to the general vigor, and even luxurance, of the growth have appeared. In the Gulf coast region the winter pasturing of wheat fields has been practiced to the advantage of the crop.

In New York and Pennsylvania the weather since the middle of March has been unfavorable on account of the sudden changes of temperature and cold winds, to the injury of wheat on clay and undrained lands. In Ontario, Niagara, Livingston and Genesee, four counties which produce one-third of the winter wheat of New York, the average expectations are entertained, though some injury from freezing and thawing on low ground is reported.

The promise is remarkable in Pennsylvania, nine tenths of the counties making favorable returns, many of them very flattering.

Fully three-fourths of the counties of the Ohio Valley report either average or superior condition. Beyond the Mississippi, Missouri and Kansas have still fewer unpromising representations. There are reports from the Northwest which are more favorable than usual, but are of little consequence, as the wheat of Wisconsin, Minnesota and Iowa constitutes less than two per cent. of the wheat of that region.

The prospect in California is very promising, though complaints of injury from an unusual cause—wet weather—have come from several counties. The Secretary of the State Board of Agriculture reports a promise of 40,000,000 bushels in the State.

Color for Homes.

The American Builder says:—"How often the architectural effect of a fine house is lessened by the very attempt to lighten it by contrasts in color. The muddy buff, with root and window-caps of a severe Indian red, now so common in the villas one sees along the Hudson river, is perhaps the most unfortunate choice of tints that could have been made of buildings in a region so picturesque. The two colors can never be made to harmonize while the sun shines, and one is as jarring discord with everything around. Why will not people who revel in these sylvan enjoyments take a hint from Nature in this matter of color? If she is sparing of her brilliant white in the landscape, she is not more lavish of this gloomy bluish red, which we rarely see except in rocks or strata of mineral earth, where it is often so overgrown with moss as to lose the disagreeable hardness so apparent when found elsewhere. A tender gray seems to be Nature's favorite hue. Even the stems of the white birch become a soft, silvery gray with time, as indeed do all things else; not stemmage only, but the very fences and buildings left to her painting. No color so harmonizes with the various greens of summer or the many-colored tints of autumn.

Preserving Brick-Work.

A Cotemporary says:—The exclusion of damp from brick-work has long been an important problem with builders. It is stated that one of the most effective methods of accomplishing this object is the following: Three-quarters of mottled soap are dissolved in one gallon of boiling water, and the hot solution spread steadily with a flat brush over the outer surface of the brick-work, care taken that it does not lather; this is allowed to dry for twenty-four hours, when a solution, formed of a quarter of a pound of alum dissolved in two gallons of water is applied in a similar manner over the coating of soap. The soap and alum form an insoluble varnish, which the rain is unable to penetrate, and this cause of dampness is thus said to be effectually removed. The operation should be performed in dry, settled weather.

Another method is to use eight parts of linseed oil and one part of sulphur, heated together to 278° in an iron vessel.

Oiling Roofs.

A correspondent of the Mirror and Farmer says:—"In 1848 I built a shed from the house to the barn with two roofs; shingled it with sapling pine shingles. One roof or one side I oiled with bank oil, which is the cheapest fish oil in market—then worth about forty cents per gallon, worth about sixty cents now—and it proved an experiment worth being made known to others. The roof or side not oiled had to be shingled over eight or ten years ago. The side which I oiled is yet good. I oiled it over again last fall and how much longer it will last I don't know, but I do know it has lasted twenty-five years without repairing and without leaking.

"Last fall I oiled other roofs besid the one which was oiled in 1848, and If think sapling pine shingles well oiled when first laid, if they are dry, and well oiled once in ten years, would last an age. The shingles should be perfectly dry when oiled and as much oil put on as will strike in."

CURED BY POND'S EXTRACT

(J. N. H.).

Dr. J. Walker's California Vinegar Bitters are a purely Vegetable preparation, made chiefly from the native herbs found on the lower ranges of the Sierra Nevada mountains of California, the medicinal properties of which are extracted therefrom without the use of Alcohol. The question is almost daily asked, "What is the cause of the unparalleled success of VINEGAR BITTERS?" Our answer is, that they remove the cause of disease, and the patient recovers his health. They are the great blood purifier and a life-giving principle, a perfect Renovator and Invigorator of the system. Never before in the history of the world has a medicine been compounded possessing the remarkable qualities of VINEGAR BITTERS in healing the sick of every disease man is heir to. They are a gentle Purgative as well as a Tonic, relieving Congestion or Inflammation of the Liver and Visceral Organs, in Bilious Diseases.

If men will enjoy good health, let them use VINEGAR BITTERS as a medicine, and avoid the use of alcoholic stimulants in every form.

No Person can take these Bitters according to directions, and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and vital organs wasted beyond repair.

Grateful Thousands proclaim VINEGAR BITTERS the most wonderful Invigorant that ever sustained the sinking system.

Bilious, Remittent, and Intermittent Fevers, which are so prevalent in the valleys of our great rivers throughout the United States, especially those of the Mississippi, Ohio, Missouri, Illinois, Tennessee, Cumberland, Arkansas, Red, Colorado, Brazos, Rio Grande, Pearl, Alabama, Mobile, Savannah, Roanoke, James, and many others, with their vast tributaries, throughout our entire country during the Summer and Autumn, and remarkable so during seasons of unusual heat and dryness, are invariably accompanied by extensive derangements of the stomach and liver, and other abdominal viscera. In their treatment, a purgative, exerting a powerful influence upon these various organs, is essentially necessary. There is no cathartic for the purpose equal to DR. J. WALKER'S VINEGAR BITTERS, as they will speedily remove the dark-colored viscid matter with which the bowels are loaded, at the same time stimulating the secretions of the liver, and generally restoring the healthy functions of the digestive organs.

Dyspepsia or Indigestion, Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the region of the Kidneys, and a hundred other painful symptoms, are the offsprings of Dyspepsia. One bottle will prove a better guarantee of its merits than a lengthy advertisement.

Scrofula, or King's Evil, White Swellings, Ulcers, Erysipelas, Swelled Neck, Goitre, Scrofulous Inflammations, Indolent Inflammations, Mercurial Affections, Old Sores, Eruptions of the Skin, Sore Eyes, etc., etc. In these, as in all other constitutional Diseases, WALKER'S VINEGAR BITTERS have shown their great curative powers in the most obstinate and intractable cases.

For Inflammatory and Chronic Rheumatism, Gout, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys, and Bladder, these Bitters have no equal. Such Diseases are caused by Vitiated Blood.

Mechanical Diseases.—Persons engaged in Paints and Minerals, such as Plumbers, Type-setters, Gold-beaters, and Miners, as they advance in life, are subject to paralysis of the Bowels. To guard against this, take a dose of WALKER'S VINEGAR BITTERS occasionally.

For Skin Diseases, Eruptions, Tetter, Salt Rheum, Blotches, Spots, Pimples, Pustules, Boils, Carbuncles, Ringworms, Scald Head, Sore Eyes, Erysipelas, Itch, Scurfs, Discolorations of the Skin, Humors and Diseases of the Skin of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters.

Pin, Tape, and other Worms, lurking in the system of so many thousands, are effectually destroyed and removed. No system of medicine, no vermifuges, no anthelminitics, will free the system from worms like these Bitters.

For Female Complaints, in young or old, married or single, at the dawn of womanhood or the turn of life, these Tonic Bitters display so decided an influence that improvement is soon perceptible.

Jaundice.—In all cases of jaundice, rest assured that your liver is not doing its work. The only sensible treatment is to promote the secretion of the bile and favor its removal. For this purpose use VINEGAR BITTERS.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions, or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul; your feelings will tell you when. Keep the blood pure, and the health of the system will follow.

OF VALUABLE

NORTH CAROLINA LANDS,

FOR SALE BY

GEORGE D. POOL.

Real Estate Agent,

ELIZABETH CITY, N. C.

In presenting my list of lands and other properties for sale, I would say that no section of the United States offers such inducements for capitalists and emigrants, as this section of North Carolina. In low-rate and healthfulness it will compare favorably with any where; and in easy and cheap transportation of products to market, in pleasantness of climate, in the sociability of the people, in great fertility and durability of soil, no section can equal it.

A railroad will soon be built to Norfolk, putting this place in direct communication by Rail, with the whole United States. This, together with our great fishing, farming and manufacturing interests, and certain early completion of already projected works of improvement for putting in nearer, cheaper and easier communication with the Ocean, will render this one of the most important commercial, and manufacturing points on the Southern country.

A desirable house and lot in the town of Elizabeth City on the corner of two principal streets, the principal one, and situated in the best business locality in the town. The lot contains about two acres of land, and the buildings consist of a fair dwelling three stories high, containing eight rooms, all in good order, another two story building with four rooms and pantries, dairy, smokehouses, stables, &c. The dwelling has a good cellar under it. There is room on the front lot to erect two good stores, and they would occupy the best stand in the town for merchandize.

A farm of 700 acres in Pasquotank County 10 miles from town, with fine two story dwelling, large barn, kitchen and other outhouses; as also, two other dwellings, barns and other houses at different points on the farm. This farm is all cleared but 150 acres, is free from swamps and other waste land, and is well adapted to raising corn, wheat, cotton, oats, &c. The price is 14,000 in easy payments.

A farm of 500 acres in Pasquotank County, 6 miles from town, and one mile from the River, with good new dwelling built in modern style, barn, stables, four tenant houses scattered over the farm, fine water, &c. This farm is situated on the most public road in the County, has 300 acres cleared and balance in splendid pine, oak, cypress, maple, sweet gum, and other valuable timber. It is peculiarly adapted to raising cotton, $50 per acre, net, having been realized on a part of it this year in cotton. It also grows corn, wheat, oats, and other crops well. Price $12,000 in easy payments.

Two tracts of land lying on Pasquotank River four miles from town, neatly cleared, and in good cultivation, one contains 1,000 acres, and the other 600 acres. Both have good fisheries, and the land is equal to any in this section. Price $20.00 per acre in easy payments. Also several smaller tracts for sale, ranging from 50 to 100 acres each, at low prices, and on easy terms.

Also two fine farms in Pasquotauk county, 10 miles from E. City, within half mile of church, school house and post office. One tract contains about 400 acres, with fair buildings and mostly cleared, and the other contains 300 acres, with good two story dwelling, large barn, and other outhouses, both are offered at $20 per acre, one third cash, balance in one and two years.

Three farms—one of 100 acres, one of 80 acres and one of 190 acres, within two miles of town, mostly cleared land. Price $20 per acre for each tract—payments on easy terms. Also many other valuable farms and town lots too numerous to mention.

PROSPECTUS FOR 1874—SEVENTH YEAR.

THE ALDINE.

An illustrated Monthly Journal, universally admitted to be the Handsomest Periodical in the world. A Lepresentative and Champion of American Taste,

Not for Sale in Book or News Stores.

THE ALDINE, while issued with all the regularity, has none of the temporary or timely interest characteristic of ordinary periodicals. It is an elegant misceleny of pure light and graceful literature, and a collection of pictures; the rarest specimens of artistic skill, in black and white. Although each succeedsng number affords fresh pleusure to its friends, the real value and beanty of the ALDINE will be most apprebiated after it has been bound up at the close of the year. While uther publications may claim superior cheepness, as compared with a similar class, THE ALDINE is an unique and original codception—alone and unapproached—absolutely without competition in price or character. The possessor of a complete volume cannot duplicate the quality of fine paper and engravings in any other shape or number of volumes *for ten times its cost and then, there are the chromo besides.*

ART DEPARTMENT, 1874.

The illustrations of THE ALDINE have won a world wide reputation, and in the art centres of Europe it is an admitted fact teat its wood cuts are examples of the highest perfection ever attained. The common prejudice in favor of "steel plates," is rapidly yieldidg to a more educated and discriminating taste which recognizes the advantages of superior artistic quality with greater facilities of production. The wood-cuts of THE ALDINE, possess all the delicacy and elaborate finish of the most costly steel plate, while they afford a better rendering of the aetist's original.

To fully realize the wonderful work which THE ALDINE is doing for the cause of art culture in America, it is only necessary to consider the cost to the people of any other decent representations of the productions of great painters.

In addition to designs by the members of the National Academy, and other noted American artists, THE ALDINE will reproduce examples of the best foreign masters, selected with a view to the highest artistic success and greatest general interest. Thus the subscriber to THE ALDINE will, at the trifling cost, enjoy in his own home, the pleasures and refining influences of true art.

The quarterly tinted plates for 1874 will be by Thos. Morgan and J. D. Woodward.

The Christmas issue for 1874 will contain special designs appropriate to the season, by our best artists, and will surpass in attractiveness any of its predecessors.

Premium for 1874.

Every subscriber to THE ALDINE for the year 1874 will receive a pair of chromos. The original pictures were painted in oil for the publishers of THE ALDINE, by Thos. Moran, whose great Colorado picture was purchased by Congress for ten dollars. The subjects were chosen to represent "The East" and "The West." One is a view of the White Mountains New Hampshire; the other gives the Cliffs of Green River, Wyoming, Territory. The difference in the nature of the scenes themselves is a pleasing contrast, and affords a good display of the artist's scope and coloring. The chromos are each worked from thirty distinct plates, and are in size (12 x 16) and appearance exact the similies of the originals. The presentation of a worthy example of America's greatest landscape painter to the subscribers of THE ALDINE was a bold but peculiarly happy idea, and its successful realization is attested by the following testimonal, over the signature of Mr. Moran himself.

NEWARK, N. J., Sept. 20, 1873.

MESSRS. JAMES SUTTON & Co.

Gentlemen:—I am delighted with the proofs in color of your chromos. They are wonderfully successful repreaentations by mechanical process of the original paintings.

Very respectfully,
(Signed) THOS. MORAN.

These chromos are in every sense American. They are by an original American process, with material manufacture, from designs of American scenery by an American Art Journal. If no better because of all this, they will certainly possess an interest no foreign production can inspire and neither are they any worse if by reason of peculiar facilties of production they cost the publishers only a trifle, *while equal in every respect to other chromos that are sold singly for double the subscription of* THE ALDINE. Persons of taste will prize these pictures for themselves—not for the price they did or did not cost, and will appreciate the enterprize that renders their distribntion possible.

If any subscriber should indicate a preferance for a figure subject, the publishers will send "Thoughts of Home," a new and beautiful chromo, 14 x 20 inches representing a little Italian exile whose speaking eyes betray the longings of his heart.

TERMS.

$5 per annum, in advance, with Oil Chromo free.

For 50 cents extra the chromos will be sent mounted, varnished and prepaid by mail.

THE ALDINE will, hereafter, be obtained only by subscription. There will be no reduced or club rate; cash for subscriditions must be sent to the publishers diecct, or handed to the lacal canvasser, *without responsibility to the publishers,* except in cases where the certificate is given, bearing the *facsimile* signature of JAMES SUTTON & Co.

THE GREAT BALOON.

You've heard about the great balloon,
In which Professor Wise
Proposed to go to Europe,
By sailing through the skies,
He proposed to show the people
A quicker way for trips
Than ever had been known before,
By sailing o'er in ships.

Well everything seemed lovely
Upon that Autumn day,
When they began to pump in gas
To bear the barge away.
They pumped and pumped with all their power,
And things seemed nigh adjusted—
When there came an awful crash,
And the mighth bubble busted.

It's ever thus in human life,
Go whereso'er we may,
The darkest night will oft succeed
The brightest, sunniest day,
There are exceptions to this rule,
Where all the days are fair,—
For one, go down to JOHNSON'S HALL,
You'll find things all right there.

We've thought it best in cases like this,
This little fact to mention;
You need not ferr that they'll inflate
Beyond their power of retention.
And when they undertake to go
Their geer's so well adjusted,
They'll move straigh forward to their work,
With no fear of being "busted."
